Hi Corbin,

Attached is the list of topics and page numbers. Also, when you do control F and click on "Headings" you can see the list of topics categories and click on them to move more easily to the ones you want. And yes, the comments from the public hearing transcript are included in this document, too.

Thanks Valois. Do you have anything that lists the 45 sections that these comments are organized by? Also, is it correct to assume that this attachment contains all comments received during public meetings?

Hi Corbin,

The attached document contains the public comments from both the 2017 and 2019 public comment periods categorized under general topics. The first 5 topics are related to Native American interests.
